PRODUCT SHEET

Think Big. Think Pink

Introducing the very latest revolutionary design to De Boer's unbeatable range of temporary structures...the amazing **Pink Galaxy**. The world's **biggest, brightest and boldest** circus-style superstructure offers **limitless opportunities** for event managers – making it the **perfect solution** for all your event requirements. A truly **outstanding** structure that carries all the hallmarks De Boer is so renowned for: **style, innovation, flexibility and creativity**. The eye-catching **Pink Galaxy** is constructed from high-quality materials that are both **strong** and **durable**. Its **modular design** means the **Pink Galaxy** can be adapted to

suit any event while the vibrant colour scheme ensures your function will certainly **attract attention!** **Easy** to set up and **compliant** with all safety requirements, the **Pink Galaxy** can provide a **unique setting** for your guests. The dark blue interior provides a warm and luxurious ambiance but is also the perfect technical backdrop for all lighting and filming needs. The **stunning pink exterior** is strikingly visible against any landscape and is the **largest** and most **magnificent** enclosure for company parties, exhibitions, concerts, product launches, fairs and large festivals. **De Boer's Pink Galaxy really is big and beautiful!**

STAND OUT FROM THE CROWD.

MAKE AN IMPACT THAT LASTS.

THINK PINK GALAXY.

Unleashing the potential for excellence, the **Pink Galaxy** can comfortably seat 1,500 to 4,500 guests.

Think Pink Galaxy!

The **Pink Galaxy** can be erected in less than a week. Up to 18 king poles support the **phenomenal roof** that reaches a height of over 20 metres. **Ingenious** spacing of 15-metres between each pair of supporting poles, with 22-metre intervals between neighbouring pairs, allows for **sublime acoustics** and **unrestricted viewing** from all angles – essential for all types of events. The **Pink Galaxy** can be easily adapted to fit your exact capacity needs – thanks to its **modular design**. De Boer can offer **turn-key** delivery, for instance with integrated audiovisual and electronic communication systems.

Thanks to highly advanced construction methods, extremely efficient logistics and the skill and expertise of our specialist construction crews, the **Pink Galaxy** can be erected fast and without fuss. The **Pink Galaxy** will **magically transform** your event into a unique and **memorable occasion**. If you want the supreme approach to a successful event that aligns every detail to perfection... simply **think pink!** See why the **Pink Galaxy** is the smart choice at www.deboer.com/pink or email for more information: pink@deboer.com
